TREATMENT OF EATING DISORDERS

Family Support Group

Please join us for a weekly support group for family and friends of individuals who are suffering from an eating disorder. This group offers information, discussion, and a safe place to talk about how the eating disorder of your loved one is affecting your life. The group will be facilitated by Jacqui Wanamaker, an experienced eating disorder clinician.

Family and friends often feel frightened, overwhelmed, and uncertain how to support a loved one working toward recovery from an eating disorder. This group will provide both education and emotional support to help keep life in balance during this time. It will allow you to learn from the experiences of other families affected by an eating disorder and share information and resources. Our goal is to help you to find the best way to support your loved one while maintaining your sense of well being.

Sundays 6:00pm-7:00pm

Office of Nutritional Health Systems

120 South Warner Road

Suite 107

King of Prussia, PA 19406

\$40/person/session
